

Strength control test and results

A) Charging tests, with a continuous increase, of the movement of a piston at a constant pitch 4 mm / sec

DESCRIPTION OF TEST - RESULTS	
	Fmax.
Type of connection	N
MEANDROS ON SOLID WOOD	22937, 24 (2.293 kg)

B) Tests with control resistance to cyclic loadings 20,000 times, weighing 100kg
